BEE – Bisagni Environmental Enterprise Named LEED® Proven Provider™ by Green Building Certification Institute

Status Acknowledges BEE's Role as High-Quality LEED Project Administrator

Shanghai, China — September 24th, 2014 — Today, *BEE - Bisagni Environmental Enterprise* announced that the Green Building Certification Institute (GBCI) has designated them a LEED® Proven Provider™ for the Interior Design and Construction rating system family. This designation was developed to streamline the LEED project review process for experienced organizations that demonstrate consistent excellence in administering LEED projects.

"Quality is at the core of the LEED certification process, and BEE has exhibited expertise in helping to bring healthy, high-performing buildings to the market," said Doug Gatlin, vice president of program delivery, USGBC and GBCI. "The LEED Proven Provider model represents a great partnership between BEE and GBCI, because it allows GBCI to maintain a rigorous certification program and gives BEE the opportunity to deliver LEED projects to its clients faster."

Alessandro Bisagni, Founder & Managing Director of BEE, views this achievement as a stepping stone towards furthering environmental stewardship; ushering in a new chapter in the progression of LEED and sustainability. "We are honored to have been chosen for this achievement; we have worked closely with the USGBC for several years in furthering the progress of LEED and establishing sustainable projects throughout the Asia Pacific and the world," says Mr. Bisagni. "We are proud to have witnessed the evolution of the USGBC and the considerable influence they have established in the years since their inception. We look forward to growing with the USGBC and realizing a greater impact on the world."

LEED Proven Provider is designed to encourage and reward high-quality LEED project submissions to minimize the need for additional work during the project review process. It represents an opportunity for BEE and LEED reviewers to work together to enhance the LEED certification experience, simultaneously allowing BEE to further invest in quality control and continuous improvement and allowing LEED reviewers more opportunities for direct engagement with and support for project teams.

Recently certified LEED projects from BEE include:

- **Chanel Times Square**, LEED Silver – Retail CI Certification, Hong Kong S.A.R.
- **Starbucks Shanghai Expo Store**, LEED Gold – CI Certification, Shanghai, China
- **Gucci Tianjin Galaxy**, LEED Platinum – Retail CI Certification, Tianjin, China

Organizations that demonstrate and maintain high-quality project submissions through LEED Proven Provider receive significant benefits, such as greater access to a LEED reviewer and recognition from USGBC for their sustained track record of high-quality project submissions. Only a select group of organizations are allowed into the Program and even fewer finally achieve the designation; following an in-depth audit by the GBCI of the organization's LEED submittals.

About BEE

BEE - Bisagni Environmental Enterprise is a sustainability consulting and green materials procurement company based in Shanghai and Hong Kong that helps projects all over the world achieve their sustainability targets in an efficient and cost-effective manner. ***The ultimate mission is to offer sustainability services that greatly improve a project's social, environmental, and economic impact - thus making the venture a quality investment.***

BEE was born out of the realization that a large knowledge gap exists between engineering and design teams introducing sustainable solutions and the construction teams in charge of bringing these solutions to life.

Company services are divided as follows:

- ***Sustainable Building Consulting***: qualified teams can take care of all, or part of, the work necessary to carry out a LEED project under any of the certification systems – including project application, credit documentation, computer BIM modeling, energy calculations, and final submission.

- **P*rocurement Services*:** the focus is on identifying the most optimal sustainable solutions for a specific project, locating a local supplier for these, conducting a full company evaluation and product QC, and procuring the solutions on time and on budget.

BEE aims to bring together the design and engineering know-how with construction expertise and materials specialization to provide the missing link that enables a project to truly achieve its sustainability goals. The trading and consulting departments work together to achieve this commitment with quality service and professionalism. The added value is the green building knowledge that BEE brings to the project and the advice provided by the team towards realizing effective results. This is what BEE vows to deliver to clients.

安圣态建筑技术咨询（上海）有限公司被美国绿色建筑认证协会授予LEED® Proven Provider™ 称号

认可安圣态高品质的LEED项目管理员的角色

中国上海 - 2014 年 9 月 24 日 - 今天，安圣态宣布，绿色建筑认证协会（GBCI）已指定安圣态为室内设计和施工评级体系家族的一个 LEED® Proven Provider™。这个称号的目标在于对具有丰富绿色建筑项目经验且在项目管理方面展示出一贯优秀品质的组织，简化其 LEED 项目审查过程。

“质量是企业的 LEED 认证过程中的核心，安圣态表现出了优异的专业知识，帮助把健康的、高性能的建筑推向市场，”美国绿色建筑委员会和 GBCI 的项目实施副总裁，道格· 加特林说。“LEED Proven Provider 模式代表了安圣态和 GBCI 之间强大的合作伙伴关系，因为它允许 GBCI 保持严格的认证程序的同时，给予安圣态机会为它的客户更快地提交 LEED 认证项目。”

安圣态创始人及执行董事毕安圣认为这项成果是促进环保工作的敲门砖，展开绿色建筑和可持续发展的新篇章。“我们很荣幸被授予这一称号。近几年来，我们一直与美国绿色建筑委员会的 LEED 保持密切的合作，在整个亚太地区乃至世界范围内建立可持续的项目。“ 毕安圣先生说。“我们很自豪地见证了美国绿色建筑委员会的演变，以及他们自成立以来对社会产生的巨大影响力。我们期待着与美国绿色建筑委员会共同成长，实现对世界产生更大的影响。“

LEED Proven Provider 旨在鼓励和奖励高品质的绿色建筑项目的提交，以尽量减少在项目审查过程中额外的工作。也创造了一个机会使安圣态和 LEED 审核机构可以一起合作，增进对 LEED 认证的经验，同时让安圣态进一步致力于质量控制和持续改进，并使绿色建筑审核机构有更多的机会直接参与和支持项目团队。

毕安圣最近获得 LEED 认证的项目包括：

- 星巴克上海世博店， LEED 金级 Retail - CI 认证，中国上海
- 古驰天津银河店， LEED 铂金级 Retail - CI 认证，中国天津
- 香奈儿时代广场店，LEED 银级 Retail - CI 认证，香港特别行政区

通过 LEED Proven Provider 提交高品质项目的组织将得到显著好处，比如更多地接触 LEED 评审机构和获得美国绿色建筑委员的认可，对其提交的高品质项目的持续跟踪记录。只有特定的 LEED 顾问团队才被允许参与此项目，而在美国绿色建筑协会的严格审核后，参与者中的极少数才能达到并通过最后的资格评定。

关于安圣态

安生态建筑技术咨询有限公司是一家可持续性发展咨询和绿色环保材料采购公司。公司位于上海和香港。公司致力于帮助世界各地的项目以高效率低成本高效益的方式达成可持续发展的目标。***我们的终极目标就是向客户提供可持续发展服务，大力改善客户项目的社会，环境，和经济影响力。这一切都将使风险转变成为优质的投资。***

在工程项目设计和施工阶段，一方面设计方对引进可持续发展的理念一知半解，另一方面施工方对实现可持续发展的理念也是不求甚解；因此项目的完成很难达到生态、环保、可持续发展的目标。由此，安生态有限公司应运而生。

我们的咨询服务分为以下几个方面：

- ***可持续发展建筑咨询服务***：我们团队能够提供任何认证体系下 LEED 项目的全部，及部分的认证工作，包括项目申请，得分点文件证明，能耗计算和最终提交。

- ***采购服务***：着重于为具体项目确定最理想的可持续性方案，并为此定位本地供应商，对公司进行全面评估与产品质量监控，最终按时按预算地采购个性化的解决方案。

作为安生态有限公司的每一员我们致力于填补实现可持续发展环节的知识空缺，为客户提供专业的设计施工咨询服务以及绿色材料贸易服务，真正实现生态、环保、可持续发展的目标。我们的贸易和咨询竭诚为您服务。增加的价值还有我们带给项目的绿色建筑知识以及给项目团队提供的建议。我们郑重声明交付客户如上成果。
